AID RUSHED TO ISOLATED AIRMEN

Missing Blonde

GLADYS BOWIE, beautiful blonde, is the fair charmer sought by Assistant District Attorney Joseph Pascocello of New York for interrogation in regard to her alleged friendship with Dallett H. Wilson, wealthy attorney and politician, who is fighting for his life in Reception Hospital after being shot twice by his wife, Esther, society huntress. Washington officials are keenly interested in his condition, and as soon as will be permitted he will be questioned in connection with the oil scandal.

RICHMOND MAN ARRESTED AS POLICE RAID HOME

Charged with illegal possession of liquor, George Sindicich was placed under arrest last night when local authorities raided his home at McBryde and San Pablo avenues and found a quantity of liquor.

Officers Smith Ligon, A. Hawkins and Charles Blakenship led by Sergeant J. B. Kinstry made the raid on the house. As the officers approached, Sindicich seeing them made a dash for a shed in the rear and succeeded in destroying three bottles of liquor. In the search which followed, the officers found a small quantity of jackass.

Sindicich pleaded guilty when he appeared before Police Judge C. A. Odell last night. He was released on $500 bail and will pear for sentence on Monday.

DRIVE STARTS ON AUTO LIGHTS

Starting today, Richmond police under Chief of Police Dan Cox will cooperate in a state-wide war launched against "one-eyed" motorists, under the direction of Frank G. Snook, chief of the State Division of Motor Vehicles.

Local and State traffic officers have been notified by Snook to halt all motorists driving cars with only one headlight. First offenders will be cited to have their lights adjusted in 24 hours. A second offense will result in arrest.

"A very large percentage of accidents occur at night," declared Chief of Police Cox yesterday, "and it is very important that every driver have both lights of his car properly adjusted and burning. Cars operating without tail lights are equally dangerous.

Levine Plans New Sea Flight

NEW YORK, April 14.Charles Levine, who with Clarence Chamberlain has spanned the Atlantic in an eastward flight, wants to fly "solo" from England or Germany to New York.

His intention became known when he made first but unsuccessful attempts to get his plane "Columbia" aboard the Leviathan today. The Leviathan, however, could not wait for the ship to arrive from Mitchell field.

LEAVE FOR NEVADA

Mr. and Mrs. Harry Wormington and daughter, who have been visiting with Mr. and Mrs. L. H. De Forest, Richmond, have gone to Yerrington, Nevada, where they will make their home. They are former residents of Bisbee, Arizona.

Funeral Monday For Victim Of Heart Attack

Funeral services will be held at 2 o'clock tomorrow afternoon from the Wilson & Kratzer chapel for Donald William Frazier, 29, 1009 Roosevelt avenue, who died suddenly yesterday noon at his home from a heart attack. Efforts of members of the Richmond Fire Department to revive the man failed. Frazier had just returned from his work at the Standard Sanitary company when the attack occurred.

Frazier is survived by his parents, Mr. and Mrs. W. S. Frazier; a brother, Milton Lee; and a sister, Mrs. Eva L. Pohl, all of Richmond.

Airplane Bears Message To State Capital Chiefs

SACRAMENTO, April 14.—The Spirit of Los Angeles, bearing an invitation to Sacramento officials to attend the dedication of the new Los Angeles city hall April 26, landed at municipal airport this morning leaving this afternoon on a return trip to the south.

MOVE TO NEW HOME

Mr. and Mrs. Norman W. Whittlesey and Mrs. Whittlesey's father W. D. Clingman, have moved from their home at 462 Eighteenth street to their new residence, Lyman tract on the San Pablo dam road. Whittlesey is in the test division of the Standard Oil company.

TRAP SHOOT AT STEGE

Members of the Richmond Sportsmen's club will participate in a trap shoot to be held this morning and this afternoon at Stege Beach under the direction of the El Cerrito Fish and Game Protective association.

CAL BEGINS ATTACK ON FLOOD BILL

WASHINGTON, April 14.—President Coolidge today began a renewed drive upon Congress to alter the Mississippi flood relief bill, which he regards as a pork barrel device, loaded down with oportunities for graft.

Over a breakfast of buckwheat cakes and sausages he plainly intimated to a delegation of House leaders that he would refuse to approve the revised Jones-Reid bill, reported to the House by its flood-control committee.

Summoned to the White House for the flood-control breakfast conference were Speaker Longworth, Representative Tilson, Republican floor leader; Representative Snell, chairman of the House rules committee; Chairman Madden of the House appropriation committee, Major-General Jadwin, chief of army engineers and Representative Kopp, of Iowa, a member of the flood control committee.

The President urged them to use their influence to compel the passage of a bill which would comply with his views of the Mississippi neds.

Key System Puts Cars At Disposal Of U. S. Sailors

This week until the fleet leaves on April 18, all officers and sailors of the fleet are riding free on the Key System street cars in Richmond and the Eastbay communities.

An invitation to the men of the fleet to visit the Eastbay district has been extended by President A. J. Lundberg of the Key System Transit company. "While you are here, visit the Eastbay district," the Lundberg invitation states. "You are invited by the Key System to be their guests and to ride free when and where you please on any of our street cars."

Program Is Enjoyed By Club

Members of the Pennsylvania Club and their friends enjoyed an evening of entertainment in the Richmond clubhouses last evening, Mrs. T. J. Mickey being in charge.

First on the program was a violin and cello by the Misses Madeline and Marjorie Whittlesey; dances and songs by the Matilda Meyer kiddies, McConnell, Betty Archibald, Anna Shinney, Eleanor Brensel, Meyna La Torrocca and Emma Meyer; pianologue by Mrs. Crystal La Barreux, accompanied by Mr. La Barreaux; reading by Ethel Bowman.

A one-act comedy entitled "That Rascal Pat" was presented by the following cast: Pat—Mrs. A. J. McNany; Charles Livingston—Mrs. C. L. Baughman; Major Puffjacket—Mrs. C. L. Bergstresser; Laura — Mrs. Owen Barnhart; Nancy — Miss Dorothy Mickey.

PRIZE WINNERS AT CARD PARTY NAMED

The following were winners at yesterday's session of the Rosalea 500 club meeting at the home of Mrs. Botilda Cook, East Richmond: Mrs. Nina Vickery, B. Brown, W. B. Collins, Mrs. H. Harcourt, Mrs. Prudence Rose, A. C. Bill, Mrs. Adeline Stender, Mrs. S. Osborne, Mrs. Lillian Gomez, Mrs. Matilda Bill.

VISIT SAN QUENTIN

Sixteen prisoners detrained here yesterday morning on their way to San Quentin, as the regular contingent from Los Angeles. They were in charge of Deputy Sheriff Dennison.

COOK CRITICALLY ILL

Charles Cook, San Pablo canyon road, is reported seriously ill at his home. He is a prominent member of the Richmond Homestead of Yeoman.

Diablo Beacon Ceremony On Ether Tonight

At dusk tonight Colonel Charles Lindbergh will press a key in St. Louis that will light the world's greatest candle, the new areial, beacon built on the summit of Mt. Diablo by the Standard Oil company.

Dedication ceremonies, in which many national noted figures will participate including Secretary of Commerce Hoover, talking from Washington, D. C., will be broadcast this evening over the Pacific Network of the National Broadcasting company, and fans of Richmond and elsewhere will tune in tonight to hear the dedication.

The mighty beacon will flash a ray of light equal to that of ten million candles, and will cast its ray a distance of 150 miles in all directions.

The broadcast will be sent out between seven and eight o'clock this evening.

Travel Program To Feature Club Meet Tomorrow

An interesting program of travel and art will be presented tomorrow afternoon for members and friends of the Richmond club by Mrs. Emily Axtell who will give her impressions of European countries. She has made several trips abroad.

Mrs. A. D. Jones, chairman of the art and travel department of the club, will be in charge of the afternoon and following Mrs. Axtell's address, a musical program will be presented.

Mrs. Jones is planning an art tour to the Carnegie internal art exhibit on display in the Palace of the Legion of Honor palace in San Francisco. The trip will be made the first week in May and those desiring to accompany her are requested to notify her immediately.

Firemen's Ball Is Big Success

The ninth annual ball of the Richmond Fire Department was one of the most successful in the history of the department. Over 500 persons attended the affair which was staged in the East Shore ball-room.

The event got off to a brilliant start with the grand march which was led by Madame Mayor Mattie Chandler.

Denny Shaw's orchestra furnished the music for the affair. The hall was beautifully decorated with carnations. Each lady present received one of the flowers, together with a corsage as they entered the hall.

Thief Robs Home, Gets Wardrobe

A man's wardrobe valued at $104 was stolen from the home of Wally Kruger, 625 Thirteenth street, according to police reports. The burglar entered the home while the family was absent and leisurely picked out a coat, overcoat, hat and other articles.

ROLL CALL POSTPON

A roll call meeting slated to be held tomorrow evening by the Yoemen, has been postponed for one week owing to a death, in the family of Mrs. Margaret McCain, honorable foreman.

MRS. HUTSON IMPROVING

Mrs. Nellie Hutson of 2849 Gaynor avenue, a prominent member of Contra Costa temple of Pythian Sisters, who has been seriously ill the past six months is reported to be much improved and is now able to be up again.

ATTEND CEREMONIAL

A large group from the Richmond Sciots last night attended a class ceremonial of the Oakland Sciots in Oakland. An Entertaining program followed the ceremony.

TWO HURT, ONE SERIOUSLY AS CARS OVERTURN

Owen Phillips, 2310 Esmond avenue, is in Cottage hospital critically injured as a result of a motor collision yesterday afternoon when the car he was driving crashed with a machine driven by Gerald Miner, Berkeley, at the intersection of Thirtieth street and Esmond avenue. Miner sustained a lacerated jaw.

Both machines were overturned and badly damaged. The occupants were treated by Dr. Hedges at Emergency hospital, after which Phillips was removed to Cottage hospital. Attendants reported he had an even chance for recovery, although it is believed his skull is fractured.

Richmond Y. L. I Loses Close Tilt To Alameda Team

The Richmond Y. L. I. cage team lost a close one to the Alameda Y. L. I. at Oakland Friday night, being nosed out of the championship by a score of 17 to 16. The local girls held a lead throughout the first quarter, but were unable to keep their advantage and the league trophy won last year by the Richmond girls, was captured by Alameda.

Cecilia Desmond was high scorer for the locals, with nine points to her credit.

Lineup for the Richmond Y. L. I. was Cecilia Desmond, Louise Novarini, forwards; Irene Carey and Mary Gately, centers; Agnes Ring and Helen Gately, guards. Substitutes, Helen Maloney at forward, and Grace Berk at center.

Elks Cancel Proposed Trip To Battleship

A proposed visit by the Richmond Elks to the U. S. California now anchored in San Francisco bay, was called off due to the fact Captain F. F. Preeg, chief aviation pilot of the battleship, has been called to San Luis Obispo. The local Elks were to have been Preeg's guest today. The Captain is a member of the local organization of Elks. He was formerly in the Standard Oil marine service.

Health Tests For School Children To Start Monday

Examination of Richmond children of pre-school age will commence tomorrow morning at 10 o'clock at the health center in Ninth street, with Anna Elizabeth Wills as chairman of a committee arranging for the tests The work will be conducted by members of the health center staff, of which Mrs. Nora L. Purviance is director.

Noted Lecturer At Wesley Methodist

Ben F. Wilson, who has recently returned from a trip to Great Britain and Ireland, an authority on social, economic and labor problems will speak at 11 o'clock Sunday morning at the Wesley Methodist Episcopal church. His Subject will be "Christianity and Its Relation to Modern Problems." A special invitation is extended to all labor organizations to be present.

Final Rites Held For John Ledberg

Last rites for John Ledberg, for 22 years a resident of this city, and who dropped suddenly dead from a heart attack, were held yesterday afternoon at the Wilson & Kratzer chapel under the direction of the McKinley lodge of Masons. Members of Gustav Vasa lodge, of which the deceased was a member, acted as pall bearers.

An inquest into his death will be held Tuesday evening at Wilson & Kratzer's chapel.

"Messiah"

JIDDU KRISHNAMURTI, the young Hindu who is hailed by Annie Besant as the new Messiah, is shown above as he appeared on his arrival at New York. He is not a stranger to the U. S. and is, in fact, as much at home here and in England as he is in India.

STRAITS SWIM IS ON TODAY

More than a score of the best swimmers in the west will stand poised at the waters edge on the Solano shore of Carquinez straits just east of the Carquinez bridge at 4:30 this afternoon, the slack water period, awaiting the crack of the starter's gun to start the gruelling grind to the Crockett shore.

Walter Christie, athletic coach at U. C., will start the mermen on the first straits swim which is planned by the University of California Life Saving Division as an annual event of the future. The C. & H. sugar company has arranged to furnish boats to care for such swimmers as are forced to give up; the Navy officials at Mare Island will furnish a patrol of fast launches and tugs, the American Toll Bridge company besides opening of the bridge to free use of the "gallery" will award medals to every swimmer who finishes and handsome trophies will be given the winners.

The people of Crockett have arranged for a reception to the swimmers at the Community club following the swim.

Killing Of Woman By Key Train Starts Police Quiz

Oakland police are probing the death of Miss Helen Hayes, 38, 1003 Addison street, Berkeley, who was struck and killed Friday night by a Key System Transit train at Sacramento street and University avenue.

According to the motorman, M. A. Hartner, Miss Hayes walked from behind another train directly in front of his train, giving him no opportunity to apply the brakes. Mss Hayes died in an ambulance enroute to a hospital.

San Pablo Club Vs. El Cerrito

San Pablo will play El Cerrito on the latter's field in a game slated to commence at 2:30 this afternoon.

Walt Murphy has been chosen to hurl for the San Pablans while Sal Compagna will twirl for the El Cerrito club.

SINGS OVER KYA

Miss Helen Morehouse, instructor at the Roosevelt Junior high school, took part in an old-time program broadcast over KYA last evening. Miss Moorehouse's pleasing voice has won many listeners in Richmond and elsewhere.

BUSINESS GRADUATE

Friends of Miss Lina Hutson, 2849 Gaynor avenue, a graduate with the Richmond Union high school class of 1926, will be pleased to learn of her graduation from Armstrong's Business college.

OCEAN FLIERS MAY ABANDON PLAN TO COMPLETE N. Y. HOP

NEW YORK, April 14.—Immediate succor of the three airmen who piloted the German monoplane across the Atlantic appeared improbable tonight.

Locked in the grip of a raging blizzard on Greenely Island off coast of Labrador, Baron Von Huenefeld, Capt. Koehl and their Irish co-pilot, Captain Fitzmaurice, are awaiting the arrival of rescue ship that is plowing through the frozen St. Lawrence river to the scene of their imprisonment. A succession of messages from the Artic wastes, however, indicated that the fliers were making every effort to get their monoplane aloft again but these same messages indicated that their efforts would be fruitless.

Word varied a sto how badly the Bremen's propeller had been damaged when she dropped from the skies on to a plateau on Greenely Island on its hop to New York. Universal Service learned that Thomas Templier, lighthouse keeper on the island has a good sized machine shop with tools that might prove extremely handy in making the Bremen airworthy.

It was learned too, that abundant gasoline supplies were available at Point Amour, 14 miles from Greenely Island, whence W. F. Barrett, radio operator sent the first word of the Bremen landing 400 miles off her course. Reports from Canada, however, say that it is not likely that the Bremen would be able to get off the ground, even if it were put in good mechanical shape.

Y. Delegates Open Convention

SACRAMENTO, pril 14—Young Women's Christian Association delegates from every section of the United States and nine foreign countries opened their tenth national convention here today. The convention will continue to April 20.

In a welcoming address, Governor C. C. Young told the delegates that the Y. W. C. holds a tremenduous influence for good throughout the nation. "The moral tone of any people, any place, and any time, is founded upon the idealism of its women," the Governor said.

City Manager Is Named To Serve On Committee

James A. McVittie, city manager for Richmond, has been appointed on a special information committee at the convention in Del Monte of the California Association of City Managers.

High Racqueters Tie With Concord

Winning two doubles and losing a double and a single, the Richmond high school tennis squad broke even in matches played with Concord high school Friday.

Stone and Armstrong shone for the Richmond racqueters.

Services Are Held For Mrs. M. Guisto

Services for the late Mrs. Mary Guisto, 80, 425 Standard avenue, were held yesterday afternoon at Our Lady of Mercy Church. Interment was made made in St. Joseph's cemetery. Bert Curry handled arrangements for the funeral.

The deceased is survived by her husband and two children, all of Richmond.

WINS COOKING PRIZE

Against a field of several thousand contestants, Mrs. C. V. Bradbury of Richmond won third prize in an Oakland cooking contest, it was learned yesterday.

INSPECTS PROPERTY

An inspection of the company's property here was made yesterday by W. C. Rutherford, chief special agent for the American Railway Express company.

NOBILE ON FIRST HOP

Special Cable to Universal Service
MILAN, April 15. — The dirigible Italia hopped off on the first leg of its flight to the North Pole at 1:52 a. m. The first stop will be Stolp, Germany, where it will take supplies to resume its flight.

Trojans Defeat Bear Tracksters

BERKELEY, April 14.—Fighting to the final tape, University of California track and field athletes went down to defeat, 72 1-2 to 58 1-2, at the hands of the University of Southern California Trojans at California oval here today. In the southerners the Bears met a team which was far their superiors, more so than the score indicates. Individual honors went to Charles Borah of Southern California and Irvine Phillips, Bear weight tosser, each winning tow events.

Tickets Selling For P. T. A. Show

Mrs. George Ellis, chairman of Richmond P.-T. A. committee arranging the theatre party to be held tomorrow and Tuesday at California Theatre, has announced that those holding tickets for Monday, and wishing to change them, may do so at the box office. Vice-versa with those holding tickets for Tuesday.

With William Haines in "West Point' as the attraction, many tickets have been reported sold. No least on the bill will be vaudeville numbers by local talent.

Inquest Is Held In Carrol Death

An inquest was held in Walnut Creek last night by Coroner Aubrey Wilson into the circumstances of death of William Carrol, 30, a marine engineer of the Dollar Steamship line who died suddenly April 10 in Redwood Canyon. The jury found that death was due to acute alcoholism.

HOTEL CARQUINEZ

Registered yesterday: Mr. and Mrs. A. Johnson, St. Louis; C. S. Hane, San Francisco; Don Mathewson, San Francisco; A. E. Werner and family, Los Angeles; Mr. and Mrs. A. B. Rogers, Los Angeles; Ray Good, Los Angeles.

SATISFYING ECONOMY

Pans, kittles and pots which absorb, distribute and hold heat and cook without waste, and the usual danger of burning, and clean easily and perfectly, are a real convenience. Knives that hold an edge and have a comfortable handle. Hardware is a specialized business. You make sure of getting those things which will please and last when you consult the Buyers Guide on the classified page.

"SINGED" HAS OIL FIELDS FOR SETTING

Blanche Sweet, who is appearing in the role of Dolly Wall, proprietor of an oil-boom town social club in "Singed" at the California Theatre, under the Fox Films banner, with John Griffith Wray directing, is giving the best performance of her entire career.

From the Oklahoma oil boom town the locale of the drama shifts to a California wildcat oil lease where Warner Baxter, who plays opposite Miss Sweet, is seen as a derrick man. The well comes in a gusher, and it is the resources gained from the oil and the lease that enables the derrick man to establish the dance ball queen in a luxurious apartment in San Francisco, where most of the action takes place.

It is a gripping tale of a woman who could not undo her past, no matter how indefatigably the beauty doctors and the modistes worked to transform her into a "lady." The man, however, for a time shoots like a meteor over the business horizon of San Francisco and makes a deep impression in the ultra-fashionable society circles.

Warner Baxter has what is probably the greatest acting opportunity of his cinema career.

Other features include Felix the Cat in a cartoon comedy; current news events; and five big acts of road show vaudeville.

ROW LOOMS ON FILM RIGHTS

WASHINGTON, April 14. — A battle in federal courts between the motion picture industry and the federal trade commission over the "locked booking' issue was assured today.

The Paramount-Famous Lasky corporation filed a report with the commission refusing, in effect, to comply with the federal order prohibiting the leasing of films in "blocks" or groups.

This report will come before the commission for action, Monday. It does not differ essentially from a report filed about six weeks ago, which the commission rejected and made the basis for projected court action, ofifcials declared.

At that time, the corporation delayed legal proceedings by granting an extension of time to file the present report.

The commission's proceedure it was stated will be to go into the second circuit court of appeals for a judicial order enforcing the commission's own order requiring the corporation to cease "block booking." Meanwhile it was stated, all important film distributing agencies except United Artists have been cited to appear before the commission's board of review preparatory to issuance of formal complaints which will bring them into the block booking case.

RECEPTION HELD BY HARMONY COURT

Harmony Court Order of the Amaranth last night in Masonic hall held a recption honoring the 1927 officers. Royal Matron Amy Meggs and Royal Patron William Case presided at an initiation of candidates which preceded the reception.

A banquet was served at the close of the evening by a committee composed of Mrs. Ollie Fuller, Mrs. Julia Overaa, Mrs. Lily Gillard and Mrs. Eliza Martin.

Sannies Meet All-Star Club

Phil Jones' Richmond Sannies will play an all-star team of the Utah-Idaho league at 2:30 this afternoon on the First street grounds. The Sannies have displayed no ill effects of their defeat at the hands of the Bearded Beauties and are prepared to take the field this afternoon with their strongest lineup in an effort to break into the win column.

Fickus will do mound duty for the locals, with Hely on the receiving end. The rest of the lineup: Bill Swan 1st; Daley, end; Schreuder, cc; Barbieri, 3rd; Huzefka, lf; O'Rourke, cf; Greathouse, rf.

Red Strader, former gridiron star for St. Mary's will catch for the All-Stars.

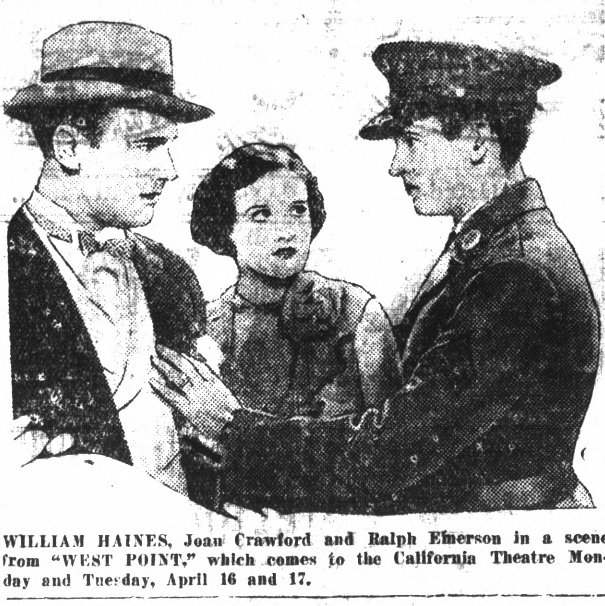
Army vs. Civilian



WILLIAM HAINES, Joan Crawford and Ralph Emerson in a scene from "WEST POINT," which comes to the California Theatre Monday and Tuesday, April 16 and 17.

Eccentric Dancers Feature Cailfornia Bill Today

The California Theatre today will be the home of an exceptionally strong double program with five standard Vaudeville attractions occupying the main part of the show.

The two Hairpins offer eccentric dance oddities on the initial spot of the bill. These two boys have something unusual in burlesque to present the twists and stepping having a refresehing touch of originality

With character impressions Al McComas proves an entertaining young vaudevillian, his change from father to son being well thought out and executed.

Coming direct from the movie colony of Hollywood and now appearing for a brief tour of the West Coast Theatres are the Rios two diminutive song and dance stars who have been meeting with unprecedented success in vaudeville. A peppy offering that should please the most captious of critics.

A big time performer is Jean Barrios in "Songs and Gowns" he demonstrates his undoubted ability for offering his numbers in a somewhat different manner. All special song hits are included in his repertoire and some of the costumes are a delight to the eye.

In a vaudeville revuette Suzette and Jose a striking looking couple specialize in society dances exhibiting the very latest terpsichorean sensations in a talented manner.

NOTICE OF SALE

WHEREAS, CHARLES DOUGHERTY and CECILE B. DOUGHERTY, his wife, did make, execute and deliver a certain deed of trust, dated October 23rd. 1926, to GEORGE J. ZEHENDER and JOSEPH M. SALA, as trustees for the benefit of BLANCHE L. RAWDON to secure the payment of the promissory note for the sum of Four hundred and 00-100 ($400.00) Dollars, from said CHARLES DOUGHERTY and CECILE B. DOUGHERTY, his wife, in said deed of trust mentioned, and which said deed of trust was, on the 5th day of November, 1926, recorded in the office of the County Recorder of the County of Contra Costa, State of California, in Liber 51 of Official Records at page 344, and

WHEREAS, on January 5th, 1928, said CHARLES DOUGHERTY and CECILE B. DOUGHERTY, his wife, had made default in the payment of the said interest, and in the performance of the obligations specified in said deed of trust by them to be performed, and,

WHEREAS, they ever since have been and now are in such default; and

WHEREAS, by reason of said default said BLANCHE L. RAWDON, on January 7th, 1928, recorded in the office of the County Recorder of the County of Contra Costa, State of California, a notice of said default and breach on the part of said CHARLES DOUGHERTY and CECILE B. DOUGHERTY, his wife, and of the election of said BLANCHE L. RAWDON, to cause the land and premises described in said deed of trust to be sold to satisfy the obligations contained in said promissory note and deed of trust, and which said Notice of Default, breach and election was recorded in the office of the said County Recorder more than three months previous to the first publication of this notice of sale; and,

WHEREAS, on the 3rd day of April, 1928, said BLANCHE L. RAWDON, did and does now demand of said trustees that they sell the land and premises described in said deed of trust, pursuant to the terms thereof, and for the purpose of satisfying the obligations contained in said promissory note and deed of trust;

NOW THEREFORE, pursuant to the said demand, and in accordance with the terms and under the authority of said deed of trust, GEORGE J. ZEHENDER and JOSEPH M. SALA, the trustees named in said deed of trust, hereby give notice that on Monday the 30th day of April, 1928, at the hour of 11 o'clock A. M. of said day, in the office of Sala, and Sala, real estate agents, located at No. 3090 Sixteenth Street, near the corner of Valencia Street San Francisco, California, they will sell, as a whole at public auction, to the highest bidder, for lawful money of the United States of America, all that certain piece or parcel of land situate lying and being in the County of Contra Costa, State of California, and particularly described as follows, to-wit:

All of lots numbered nine (9), ten (10) and eleven (11) in block numbered seventy-eight (78) as said lots and block are laid down, delineated and so designated upon that certain map entitled, "Richmond Annex Contra Costa Co., California 1912," and filed in the office of the County Recorder of said County of Contra Costa on the 18th day of March 1912.

Terms of Sale: Lawful money of the United States of America, twenty (20) per cent payable to the undersigned at the fall of the hammer balance within ten days thereafter; and if not so paid, twenty (20) per cent to be forfeited and sale to be void. Acts of sale at purchaser's expense.

GEORGE J. ZEHENDER
JOSEPH M. SALA
Trustees.

Dated: April 3rd. 1928.
Publish April 8 15 22 29, 1928.

City Team Of San Pablo In Maxwell Loop

San Pablo's city baseball club is the latest entrant in the Triple Division of the Maxwell Hardware Summer League.

Other entries are: Bay Point, Alvarado, San Leandro, Tenth Street Market, Guarantee Shoes, Pon Honor and Foresters of America, No. 17.

Church and Sunday School

COMMUNITY METHODIST CHURCH

21st and Roosevelt avenue. Geo. W. Forman, minister.

9:45 a. m., The Church school. Sermon at 11 a. m.

Sermon by Dr. S. Werlein of San Francisco.

7:00 p. m. the young people meeting. Virgil Streeter, leader.

7:45, The evening worship. Song service by choir and congregation with special numbers

Sermon by the minister.

THE FIRST BAPTIST CHURCH

"A Thief in the first Baptist Church" will be the subject Sunday night in the first of seven great meetings that have been arranged for seven consecutive Sunday nights. Professor Stacy R. Warburton of Berkeley will give a fifteen minute concert on the new organ preceeding the service. This part of the program will be given promptly at 7:15 p. m. This has been designated as tag night and a great deal of interest has been manifested by the members in securing persons to fill certain pews which have been tagged with their names on them.

The choir will sing a chorus at this service. An overflow crowd is expected.

At the morning service at 11 o'clock the pastor will answer five questions: 1, What am I? 2. Where did I come from? 3. What is my business here? 4. Where am I going? 5. What is my destiny? Miss Grace Craven will sing the solo, "I come to thee," Caro Roma.

Sunday school at 9:45 a. m.

BYPU will meet at 6 p m.

We extend a cordial invitation to the public to visit our new church and worship with us in its services.

FIRST CHRISTIAN CHURCH

Corner 6th and Bissell avenue. Rev. Aldis Webb, pastor. Residence 1425 Bissell avenue.

Phone 702-W. Office phone

Sunday School at 9:45 a. m.

Classes for all ages. Miss Mabel Beach, superintendent of the school.

Song service is lead by Mr. Walter Moore.

Morning worship and communion service at 11 a. m. There is to be an anthem by the choir at this service.

In the evening Rev. Webb is going to talk on the subject of "When Do We Eat."

Men's club meeting on Tuesday evening at 7:15.

The dinner formerly announced for April 19, to be given by the missionary society of the church, has been postponed until a later date.

Mid week service on Wednesday.

Choir rehearsal on Monday evening.

THEOSOPHICAL MEETING

Sunday night 8 p. m. at 645 15th street. All invited.

Our object is to form a universal brotherhood of humanity without distinction of race, creed, sex, cast or color to promote the study of religion, philosophy and sciene: to investigate unexplained laws of Nature and the powers latent in man. The society has no dogmas or creed, is entirely unsectarian and include professors of all faith, has tolerance for others belief.

TRINITY LUTHERAN CHURCH

Trinity Lutheran church, Tenth street near Barrett avenue. Rev. A. W. Koehler, pastor. Address, 1912 Barrett avenue

Sunday school, 9:45 a. m.

Monday, regular meeting "Crescit, Eundo."

Wednesday, regular meeting of the Trinity Guild at the Guild hall.

A cordial welcome is extended to all.

WESLEY METHODIST EPISCOPAL CHURCH

Corner Ninth and Nevin. C. G. Lindemann, minister.

Sunday school at 9:45 a. m.—A class for all, old and young. Graded lessons. Mrs. Chas. Wolke superintendent.

Morning worship at 11 o'clock. The speaker of the morning will be Ben F. Wilson, traveler and lecturer. His subject will be "Christianity and Its Relation to Modern Problems."

Senior Epworth League in the ladies parlor at 6:30 o'clock.

Intermediate Epworth League in the social rooms at 6:30 o'clock.

Popular evening service at 7:30 o'clock.

Special music.

Sermon subject "Waiting and Witnessing."

Junior Epworth League on Tuesday afternoon at 3:30.

Circle No. 4 of the aid society will meet with Mrs. Wm Ellis, 732 Sixth street, at 2 p. m. Tuesday

Circle No. 5 of the aid society meets with Mrs. E. P. Martin, 701 Chanslor avenue Wednesday evening at 7:30.

Prayer meeting Wedensday evening at 7:30.

Choir practice Thursday evening at 7:30.

Ladies' aid society dinner in the social rooms of the church Friday evening at 6:15.

GRACE LUTHERAN CHURCH

Barrett avenue and Thirteenth street. Samuel T. Himes, Ph. D., pastor. Residence 513 13th street. Telephone 639-J. Mrs. W. H. Page, director of the choir, Mrs. C. R. Baldwin, organist.

Sunday school at 9:45 a. m sharp.

Morning worship at 11 o'clock. Solo, 'O Love That Will Not Let Me Go,' by Mrs. W. H. Page. Sermon, "A Positive Testproof of Love for the Master," by the pastor.

Choir.

11 o' clock Light Brigade.

5:30 Social Hour of the Luther League.

6:30, Luther League. Topic, "The Dangers of Slang and Cheap Talk."

FIRST CHURCH OF CHRIST, SCIENTIST

Nevin avenue at 12th street.

This church is a branch of the Mother Church, the First Church of Christ, Scientist, in Boston, Massachusetts.

Regular Sunday services are held at 11 and 8 p. m.

Subject for Sunday, April 15, "Doctrine of Atonement."

Sunday school convenes at 9:30 a. m.

A Wednesday evening meeting is held at 8 o'clock, at which testimonies of Christian Science Healing are given.

The Christian Science free reading room is located on the second floor of the Muller building, 271 16th street, rooms 218 and 219. Room 219 is open from 6 a. m. to 10 p. m. The main reading room and salesroom are open from 12 to 4 and from 7 to 9, excepting Sundays, holidays and Wednesday evenings.

UNITY CENTER

Richmond clubhouse, 1125 Nevin avenue.

Sunday school at 10 a. m. Services at 11. Mrs. Anna C. Joslyn of San Francisco will be the speaker.

Subject, Peace, Power and Plenty."

Unity is the name by which the work of the Unity school of Christianity is known.

Unity is not a sect but a school of spiritual research. Unity teaches that the principle which Jesus Christ did the work is still operative.

The Unity publications do not present criticisms of any faith; they give constructive suggestions.

Approximately two and one-half million people are at present applying Unity methods to the harmonizing of the difficulties that arise in life.

Special music.

LADY OF MERCY CHURCH

West Richmond ave. Rev. William Cleary, pastor.

First mass, 7 a. m.

Second mass, 9 a. m.

Sunday school, conducted by the Presentation Sisters, immediately after the 9 o'clock mass.

ST MARK'S CATHOLIC CHURCH

Rev. P. M. Griffin, pastor; Rev. William Henessey, ass't. Bissell avenue and Tenth street. Services this morning at 7, 8:30 and 10:30 o'clock.

Sunday school under direction of Sisters of the Holy Family immediately after the 8:30 o'clock mass

FIRST PRESBYTERIAN CHURCH

Morning Worship at 11 o'clock-Corner 12th and Bissell streets. Earl W. Haney, minister. Residence 136 12th street. Study at the church.

Sermon by Mr. Haney, "Strength for Today," a message of comfort and hope. Music by the choir, directed by Mr. S. A. Marshall

Christian Endeavor at 6:30

Evening worship, 7:30. Sermon by Mr. Haney, "Easter—and After." This service will set for the appearances of Christ after the Resurrection, and the music is arranged to support this.

Anthem by the choir.

TRINITY EPISCOPAL CHURCH

Washington and Nicholl avenues, Point Richmond. Milton R. Terry, Vicar.

Church School 9:45 a. m.

Holy Communion, Sacrament of Holy Baptism and sermon, 11 a. m. Miss Pearl Terry, organist.

A cordial welcome is extended to all.

STEGE PRESBYTERIAN CHURCH

Henry Kendall Sanborne, minister. V E. Skiles, superintendent of Bible school. Mrs. V. E. Skiles pianist and choir director.

9:45 Bible school.

11:00 a. m.—Morning worship. Sermon, "Listning In."

Choir, "If for the Prize We Have Striven."

HOOT FIGHTS SPANISH DUEL IN FILM HERE

Back in the days when California and the Southwest was under the influence of the Spanish done, gentlemen were wont to settle their differences with the "duello del cuchillo" or knife duel This was a sort of blind man's bluff affair as the contestants were blindfolded and "slamezed" together by means of a four foot rope tide to each other's ankle. A combat of this nature is staged in "The Prairie King," a Hoot Gibson Universal — Jewell release, which is being screened today at the Richmond Theatre. Included in the cast with Gibson, who has the stellar role, is beautiful Barbara Worth, Charles Sellon, Rosa Gore, Al Priscoe and others.

Other film features include "Snookum's Asleep," a comedy scream; and "Growing Money" a screen novelty.

Coming Monday and Tuesday, "Snowbound", a hilarious farce comedy, with an all star cast of screen players.

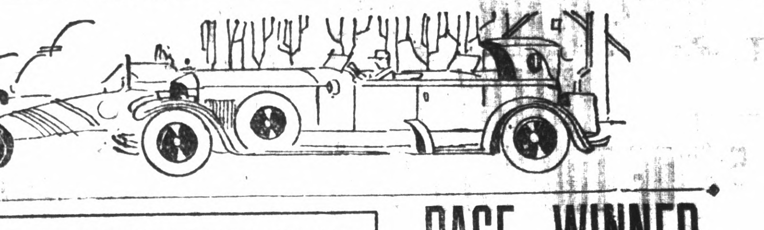
Automobile News



DEALER BEST TEST OF CAR SAYS STROM

A dealer's good reputation is the best assurance of getting a good car, according to J. P. Strom well known Richmond dealer for the Oakland and Pontiac.

"It makes a difference where you buy your automobile," he declared yesterday. Local responsibility for the performance of the car is an ever increasing consideration with motorists. No manufacturer can fully meet this. It is up to the dealer to meet the needs of the local motorists and the car.

"The modern dealer knows that his business grows and prospers not wholly because of the make of car he sells, but also because of what he does to insure constant satisfaction of those who buy the car.

"It is our sincere conviction that the Oakland and Pontiac deliver more automobile per dollar than any car made. We are proud of the fact we are growing and prospering in Richmond because of the confidence of the buying public."

Poppy Field Abloom In Lancaster Dist.

Many inquiries are now being received by the touring department of the National Automobile Club relative to locations where poppies and others flowers may be seen. There are now several large fields of California poppies in fool bloom on the foothills west and south of Lancaster and a visit to this district is a very attractive one at this time. While a number of large fields that formerly were in poppies have been plowed this year for grain, there still remain several hundred acres which are now abloom with the deep firelike coloring of poppies and should continue to be well worth visiting for the next few weeks.

Back Seat Drivers Go To School

A school for "back-seat drivers" is the latest addition to Kansas City's safety movement, according to a report received by the National Automobile club. Instructions are given in what to do in case of an emergency, when to scream, when not to, when to davice and when to keep quiet, says the report.

Climber Tells Of Sierra Peak

Norman Clyde, intrepid mountain climber and one of the foremost mountaineers of America, describes the peaks of our Sierra Nevada range from base to summit, in a series of articles appearing in Motor Land, Pacific Coast magazine of motoring, published by the California State Automobile association. The first of the series, titled, "Close-ups of Our High Sierras" apepars in the April issue, and the complete series will be a veritable handbook for California mountaineers.

Although many know that Mt. Whitney is the largest peak in continental United States, says the author, few realize that there are ten other peaks whose towering majesty is only a few hundred feet lower than their lofty neighbor. These are Mt. Sill, North Palisade, Middle Palisade and So. Palisade or Split Mountain, Mt. Tyndall, Mt. Williamson, Mt. Barnard, Mt. Muir and Mt. Langley—all more than 14,000 feet in height.

FREE ENTRY TO CARS IN CUBA

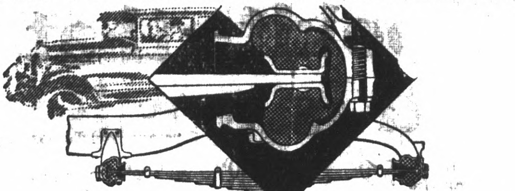
In the past the transporting of automobiles by American tourists into Cuba was impossible because of the duty, tariff, but the new decree signed by the secretary of treasuhry regulates the free entry into Havana of Automobiles imported for use in the country as touring cars, according to the National Automobile Club.

Provision is made for the entry of these machines as personal baggage rather than as merchandise, and bond must be given to the amount of the import duty, which may be forfeited in the event of an infraction of the law or if the automobile is not re-exported before a period of 90 dalys has expired, or if the car is rented or used for commercial purposes.

Bond may be given in currency or by an agreement signed by the National Tourist Commision, the Cuban Chamber of Commerce, the Automobile Club of Cuba or any bonding company legally constituted in the country. Owners or drivers of these cars who possess a drivers permit will be given a license in accordance with the usual Cuban regulations, which is valid for 90 days only.

A careful motorist will avoid ruts and bumps, thereby averting any danger of straining the springs.

NOW RUBBER SHOCK INSULATORS
ADDED TO GREAT NEW CHRYSLER "62"



at New Lower Prices-$1065 and upwards-
Same Luxury Features as Famous "72" and Imperial "80"

CHRYSLER now adds rubber shock insulators to the Great New Chrysler "62." *And at no increase in price!*

Thus Chrysler becomes the one manufacturer to offer a complete line of six-cylinder models—"62," "72" and 112 h.p. Imperial "80"—priced from $1065 to $3495, giving the entirely new and modern conception of riding ease and quiet *that only this specially engineered device can provide.*

By making possible this *greatest riding luxury at its new low prices* in the Great New "62," Chrysler again shows conclusively how its Standardized Quality of engineering and manufacturing gives extra value to Chrysler buyers.

Chrysler Prices

Great New Chrysler "62"—Seven body styles, $1065 to $1235. Illustrious New Chrysler "72"—Seven body styles, $1545 to $1795. New 112 h.p. Chrysler Imperial "80"—Fourteen Custom built body styles $2795 upwards. All prices f. o. b. Detroit, subject to current Federal excise tax. Chrysler dealers are in position to extend the convenience of time payments.

Curry Auto Sales Co.

MacDonald Avenue at Fourteenth Street.

BIG YEAR IN PROSPECT FOR STATE SPORTS

One of the greatest fishing and hunting seasons in the history of California appears to be on the books for the great army of motorists and lovers of the outdoors, according to the National Automobile Club. Plans are being given much careful thought by the division of Fish and Game of the Department of Natural Resources which has in charge the protection and conservation of the wild life in California.

Despite the fact that high water has washed out dams in many sections of the state, and as a result much territory has overflowed and fish and game seriously threatened, the field deputies of the division have been busily engaged in rescuing fish and game wherever found, and the loss will be negligible due to the alertness of the men who are familiar with the condition.

Wherever stranded fish are found they are gathered in and placed in safe waters. This is generally done with practically no loss. Sportsmen many times fail to realize the enormous problem that faces the fish and game deputies in the conservation and protection of fish and game, it is declared.

Not only do the deputies patrol streams and field, but also mountain sections where game is plentiful in order that there will be no "jumping of the gun" on the denizens of the streams and the forest, but they must also ascertain the conditions and be ready on a moments notice to rush to the rescue of game or fish that through some action of man or elements is in danger of being summarily exterminated.

Fish planting will start soon in California. Already Captain Oliver Brownlow, who has charge of this important work is arranging his plans to distribute a record number of trout fry to the many sections of the State.

This work is done under the direction of deputies of the division and through the co-operation of sportsmen's organizations in the many sections where fish are planted. Fish planting entails much hard work.

The fish are generally brought from the most convenient of the eighteen hatcheries that are scattered throughout the State. In many cases the fish in special cans are hauled on trucks which have been equipped in such a way that the aerating of the fish in the cans, important because the temperature of the water must be maintained at as near the same temperature as the water from which the fry is taken, can be done expeditiously and efficiently.

In many cases the fish must be packed on pack animals, and some times carried by man power for long distances.

Years of experience in the handling of trout fry by the deputies in the field have proven that the men who really understand the art of fish planting lose very few fish. Water must be carefully selected and the varieties of fish picked to meet the needs of the season.

The planting program this year is an extensive one, and Captain Brownlow declares that with an earlier start, an even better record can be made than that of last year, when the fish and game division took personal charge of the planting for the first time.

This is one of the items on the division's program of activity which has been made necessary to meet the needs of great army of motorists and outdoor lovers who annually invade the "wide open spaces" of the State.

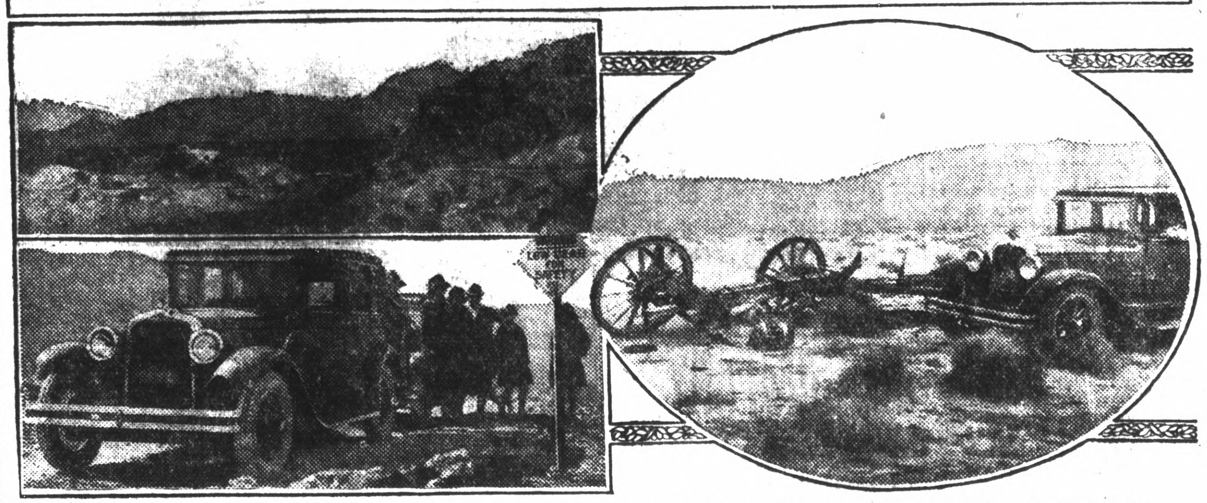
Too Much Lubricant Makes Clutch Grab

Clutch release bearings probably suffer more from under-lubrication than from too much of it, but service records indicate that at least some motorists make the mistake of being too generous when lubricating this hard-working unit. Where the bearing is lubricated by a grease cup, the owner should realize that the cup never should be turned more than one revolution at a time.

Grabbing of the clutch is the common aftermath of giving the bearing an overdose of lubricant, according to L. C. Shaw, general service manager of the National Automobile club.

It has been proposed to build a new motor road through the Tuileries Gardens in Paris. Official consent, however, has not yet been obtained.

INTO THE DEPTHS OF DEATH VALLEY BY MOTOR CAR



Upper left: The town of Ryan, Calif. Look closely if you want to see it! Below: The first glimpse of Death Valley as the Oakland party reached the mountain summit overlooking the Valley. Right: The End of the Trail for some covered wagon.

45 STATES NOW HAVE GAS TAX

SACRAMENTO, April 14.—Forty-five of the forty-eight states of the Union have adopted the gasoline tax as the favored means of raising revenue for highway and other purposes.

This was announced recently by the division of motor vehicles as the result of a survey conducted by Major Louis LaPlace, head of the safety bureau.

Of the forty-five, LaPlace said, nineteen have a tax higher than the three cents per gallon paid by Californians.

Five charge five cents, one four and a half, twelve four cents and eleven two cents.

All of the states with the exception of thirteen charge personal property taxes in addition to fuel taxes and weight and registration fees.

"Everything considered" said LaPlace, "California is one of the cheapest states in the Union to motor in."

The states paying a five-cent tax are Rhode Island, New Mexico. Kentucky, Florida and Arkansas.

Vermont is the lone state with a tax of 4 1-2 cents and Texas is the only one charging 3 1-2.

The folowing states charge four cents:

Alabama, Arizona, Georgia, Idaho, Maine, Maryland, Mississippi, Nevada. New Hampshire, North Carolina, South Carolina, Washington.

The fifteen states with a three cent tax are: California, Colorado, Delaware, Iowa, Michigan, Montana Ohio, Oklahoma, Oregon, South Dakota, Tennessee, Utah, Wisconsin and Wyoming.

The eleven states having two-cent tax are Connecticut, Kansas, Louisiana, Minnesota, Missouri, Nebraska, New Jersey, North Dakota, Pennsylvania, Virginia and West Virginia.

Massachusetts, New York and Illinois are still without a gas tax.

Of the 21,035 automobiles registered in Russia, only 15 per cent are privately onwed.

Fight Continues On High Rubber

Continuing its campaign to keep rubber prices at a normal rate, the American Automobile Association has arranged to cooperate with the Federal authorities to prevent unwarranted cost increases, according to information just received by the California State Automobile association. In 1926, when foreign control resulted in excessive charges, the A. A. A. motoring organizations played a leading role in the Federal conservation program.

The result of this campaign was to lower rubber prices from over $1 a pound in 1925 to 48 cents for the first half of 1926 and to 39 cents for the last six months of that year, thus effecting a tremendous saving for motorists.

Detours Reported On Carbon Canyon Road

On the portion of the Carbon Canyon road lying in San Bernardino county, there are two detours as this road is being prepared for paving operations, according to the touring department of the National Automobile club. The route is passable, but not good, and in wet weather not advisable.

RACE WINNER FACES PENALTY

Harry Curry, Richmond dealer for the Chrysler, may have to pay a fine as a result of the race staged Friday on Macdonald avenue when a Crysler roadster took the measure of a car entered by the Studebaker agency, but the prospects have not lessened his even temper. Curry feels the fine will not be large enough to take away too much satisfaction.

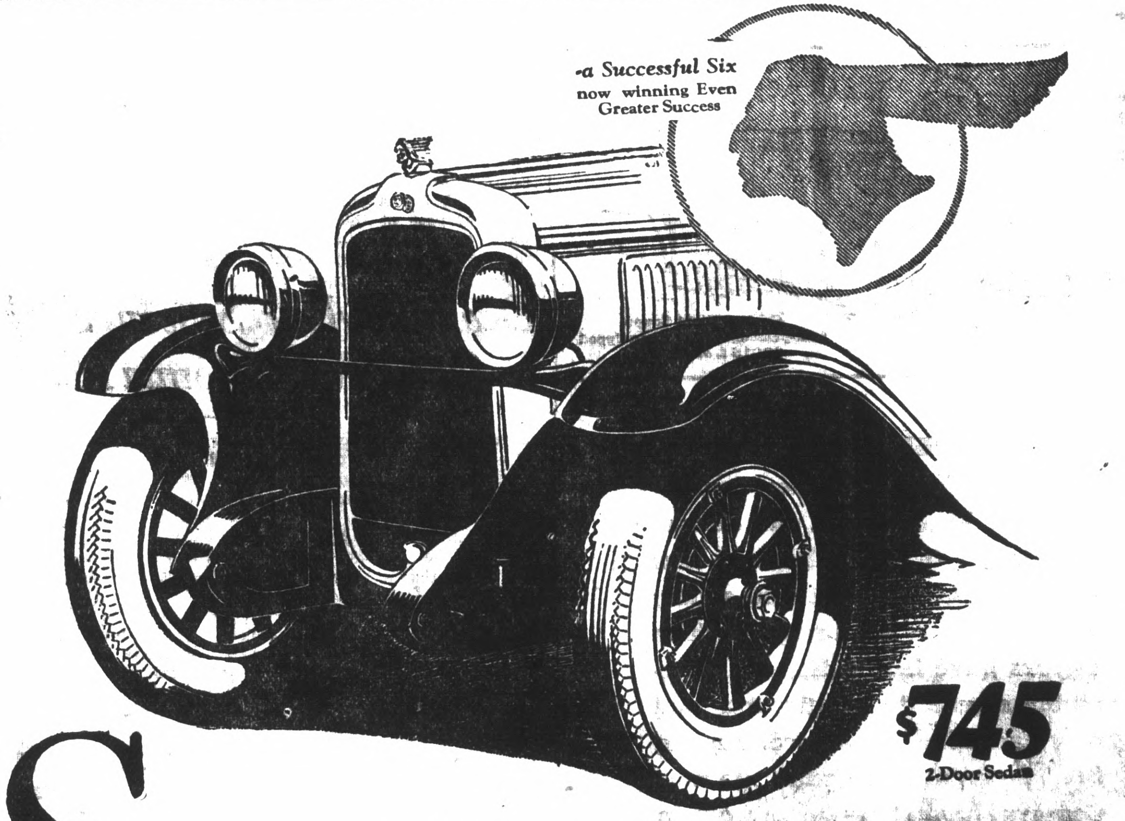
The contest, which was last year won by the Studebaker, was witnessed by more than 1000 people who lined the avenue between Twenty-third street and San Pablo avenue. The unofficial speed was said to have been over 80 miles an hour.

Easy Way To Remove Lights

Motorists often experience difficulty in removing headlight rims on their cars. The Free Emergency Road Service of the California State Automobile association make the following suggestion:

Place a belt around the rim and run through the buckle leaving a loose end. A sudden pull on the free end of the belt will usually free the rim without danger of breaking the lens.

The automotive industry is now the fourth largest exporting industry in Canada.



Sensational Success
—based on sensational value

You need to know only a few of the exclusive superiorities offered by today's Pontiac Six to understand that its sensational success is based on sensational value. It is the lowest priced six in the world with body by Fisher. It is the lowest priced six offering the G-M-R cylinder head, the cross-flow radiator and the AC fuel pump. It is the only low-priced six combining 185 cubic inches piston displacement, a full-pressure oiling system, interchangeable main bearings and instant action four-wheel brakes.

Add to these evident advantages in design the fact that it is the lowest priced six built by General Motors—that in the hands of 200,000 owners it has won a worldwide reputation for endurance, long life and high resale value—and then you will know why Pontiac Six sales are continually reaching new record-breaking heights!

Coupe, $745; Sport Roadster, $745; Phaeton, $775; Cabriolet, $795; 4-Door Sedan, $825; Sport Landau Sedan, $875. Oakland All-American Six, $1045 to $1265. All prices at factory. Delivered prices include minimum handling charges. Easy to pay on the liberal General Motors Time Payment Plan.

STATE READY FOR INFLUX OF TOURISTS

Spring has fairly come into its own in this section of the country and with vacation time just around the corner, indications are that the tide of travel by automobile will be heavier this year than ever before, so that these days find L. L. Norris, manager of the touring department of the National Automobile Club actively occupied in making arrangements to meet the annual rush of motorists who want to known where to go and how to get there.

Checking up of road conditions is one of the most important tasks in preparing to accommodate vacationists. Rains have damaged sections of roads throughout the country; some sections of roads have been washed away; there are many new detours, and, since last Summer many improvements have been made on roadways in the United States. And such improvements are going on all of the time, so that the touring bureau must keep in constant touch with its representatives in the numerous districts.

Routings of last year and those made during the winter must be thoroughly checked and revised; otherwise they are of questionable worth and it is pointed out that the touring department policy is to dispense information that will uphold the club's reputation for reliable road service. Experts in the engineering department revise mileages on the logs, while others re-draw the maps of the different highways, securing their information from the constant flow of reports from all sections of the United States.

No motorist is more fortunate than the one touring in California National Parks, forests, beaches, mountains, valleys, streams and wonderful highways; long journeys, short trips, week-end jaunts, and over night runs—all those are accessible within the boundaries of the State. And recently contracts have either been awarded or bids called for on State highway projects totaling $4,250,000. The jobs call for surfacing, realignment, oiling, rebuilding, new bridges, rock borders and other improvements.

Bad Sections Removed From Lone Pine Road

The road between Lone Pine and Indian Wells has recently been scraped, eliminating many rought stretches, according to the touring department of the National Automobile club.

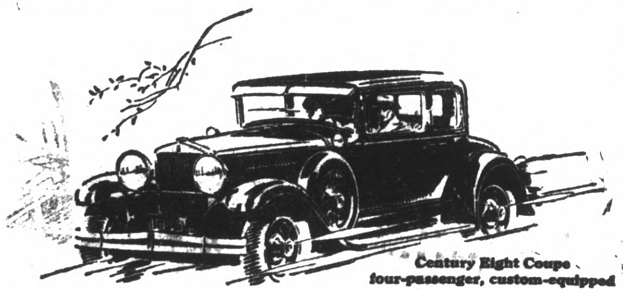
Between Plancha and Coso Junction, a distance of 21 miles, grading has now been completed and the surfacing of the sandy portions of this section of roadway is well under way.

◆

Total value of all alutomotive products exported from the United States to European countries during the past year amounted to $112,143,114.

Hupmobile beauty

a safe investment



Century Eight Coupe four-passenger, custom-equipped $2015 f. o. b. factory

HUPMOBILE'S amazing record of sales with the new Century Six and Eight has a far deeper foundation than the brilliant new beauty of these cars. It rests solidly upon the widespread respect which buyers have for traditional Hupmobile standards of engineering and manufacturing excellence. Among the features which rank the new Century Hupmobiles far in front in mechanical design are advanced high compression motors, rigid, non-weaving chassis, cam-and-lever steering for easy control of balloon tires, double vibration dampers and entirely new steeldraulic four-wheel brakes. Investigate these and a score of other Hupmobile features and you will realize that on the basis of style, speed, power and strength, the new Century Hupmobiles represent the century's greatest value in the moderately priced field.

50 striking and colorful body styles—both standard and custom-equipped—now offered in three wheelbases—the Six of the Century, the Century Eight and Century 125 Eight.

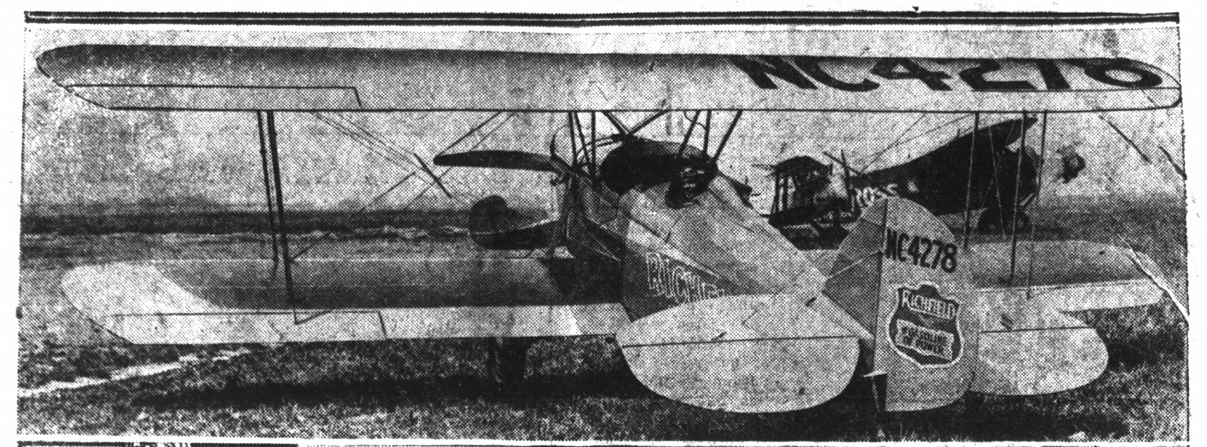
Aerial Inspection Tour



OIL COMPANY PLACES FIRST PLANE IN AIR

LOS ANGELES, April 11.—Taking off April 9 in the blue and gold lacquered Waco biplane of the Richfield Oil company for an inspection tour of flying fields throughont Northern California, Dudley M. Steele, manager of the aviation department for that oil company is making a 14-day trip by air visiting 12 cities.

That this is but the first of a series of scouting flights Steele will make, during which he will visit every city of the Pacific West in which a Richfield branch is located, was the announcement made here today.

The schedule follows:

April 9, Bakersfield; 10th, Tulare; 11th, Fresno; 12th, Modesto; 13th, Stockton; 14th, Sacramento; 16th, Youba City; 17th, Chico; 18th Oakland; 19th, San Francisco; 20th, San Jose; 21st, Santa Barbara; 22nd, Los Angeles.

"The purpose of this and subsequent aerial trips to the various flying fields of the West," explained Steele, "will be to gather definite data for the benefit of pilots This data, compiled in statistical form and illustrated with maps, will be distributed by the company

The "ships" first airplane to be put into service by the Richfield Oil company, which is specializing now in aviation gasoline and lubricants, is a Waco 10 bi-plane, powered with an OXX 6 "Millerized" motor. It was a top speed of 100 m. p. m., a cruising speed of 80, and a cruising radius of 5 1-2 hours, carrying 48 gallons of gasoline.

Steele will be accompanied on his flights by Ralph Hall, mechanic, the "ship" being a two-seater.

The Richfield pilot and manager of the company's aviation department is a veteran flyer. Army and civilian pilot, he holds Transport ilot license No. 1386, is chairman o fthe contest board of the California Air Racing Association and is a director of the National Aeronautical Association.

Death Valley Season Still Open To California Motorist

A motor trip into Death Valley will be a pleasant one for another few weeks, according to the touring department of the National Automobile Club.

This district of unusual beauty may now be reached by good roads from the south and west. On the route via Barstow and Baker, through the floor of the valley to Furnace Creek Inn, 306 miles, pavement is traversed from Los Angeles to Victorville and a splendid oiled gravel macadam to Barstow and Daggett. Between Barstow and Baker, the Arrowhead Trail is followed and it is a wide, graded natural gravel road. There is a service station midway between these two points where gas can be purchased at 28 cents per gallon, oil at standard prices and water is free of charge although it is hauled 23 miles.

At Baker the route leaves the Arrowhead Trail and leads northward into the desert hills. These hills are burnt and unforbidding in appearance and are only forerunners of more gigantic and unrelenting hills beyond. At their feet are immense patches of yellow wild flowers bordering on bodies of water which are only mirages. A good supply of gas should be obtained at Baker or at Silver Lake, eight miles distant, as there is only one intermediate point where gas, oil and water can be secured before reaching Furnace Creek Inn, or Shoshone,—"Old Timer's Inn"—38 miles distant from Silver Lake. Gas is forty cents there and no charge is made for water.

The road from Baker to a junction near Bradbury Well is a narrow desert road, with a few rough sections, but offers very fair going throughout. At the junction the motorist has a choice of two routes into Death Valley—one to the left which leads through the floor of the valley, and one to the right which leads through Shoshone, Ryan, etc.

The road winds through sage and greasewood country, up several little sharp pitches, over a summit and the motorist has his first gaze at the scenic inferno beyond. The enclosing mountains are chiefly volcanic, precipitous and savage in formation while their coloring is indicative of the general character of the country—black, various shades of brown, slate, dull blues and rusty reds. The road leads past Bennett's Well where the ill-fated Jayhawker party camped. It is named after one of the survivors. The well is now boarded over and surmounted by a motionless windmill.

Leaving Bennett's Well, the roughest portion of the trip is encountered, the first two miles being very rough, with deep ruts and much dust. Second gear work is necessary. Shortly beyond lies the old Eagle Borax Works and this shorter side trip is an interesting one. Nearby may be seen a lone grave covered with many dry bones and a wooden marking which indicates that the bones of "James Dayton" lie there.

A loose boot in a tire is a temporary repair and if left in, the friction will cause further damage, points out the Free Emergency Road Service of the California State Automobile association. All tire plasters must be vulcanized or cemented in a tire to make a permanent repair.

NOT EASY TO RESIST CAR

It takes a world of determination to withhold placing the signature on the dotted line after a demonstration in the new Pontiac motor cars, according to J. P. Strom, Richmond dealer for this popular automobile.

People who have recently purchased a Pontiac through the local dealer, are loud in their praise of the car, according to Strom. The ease of operation and their smooth-running qualities, beauty of design and economy of operation all have combined to win

Loose Spring Bolts Cause Trouble

Loose front spring U-bolts are responsible for a great deal of steering difficulty for which they are not blamed. When the car steers hard and the steering mechanism is in good condition and properly lubricated, a check-up of the springs frequently reveals the cause of the trouble. Keeping the U-bolts tight keeps the spring leaves in line, helps steering, prevents spring breakage and adds to riding comfort. They can be checked to good advantage every month or so, according to the service department of the National Automobile club.

400,000 AMERICANS GO ABROAD

Four hundred thousand Americans went abroad in 1927 and more than a thousand took motor cars with them, according to reports received by the California State Automobile association.

NEW MODEL OF GRAHAM-PAIGE IS ON DISPLAY

Today, the Graham-Paige model 614, a six-cylinder car with four-speed transmission and 114 inch wheelbase, will be displayed for the first time here, annuunces Harry Semar, Graham-Paige dealers. Three series of Graham-Paige sixes, models 610, 619, and 629, have been in production since the first of the year and deliveries are being made as fast as cars are received.

"We have eagerly awaited the new model, production of which began March 20," said Semar. "This car is the smallest of the Graham-Paige line to have the internal-gear fourspeed transmission, and it is said to be the lowest-priced car ever built embodying this feature. The many advantages of this new transmission which is a feature of the two larger Graham-Paige sixes and the eight, which will soon go into production, are thus brought within the reach of the thousands of motorists whose car purchases are made in this price class.

"The 614 model embodies the distinctive characteristics that mark the larger and more costly Graham-Paige cars. Foremost of these up-to-date features is the internal-geared four-speed transmission, which in combination with a high geared rear axle, results in a marked decrease in engine speed. The result is that at high road speeds, the engine is turning over at low rate, as compared with the average automobile. Not only does this produce marked smoothness of running, because engine roar and vibration are reduced, but it effects important economy in fuel and oil consumption.

"Lookit—that car we just passed is a mile behind us already"

OUT on the great proving grounds of the nation's highways—where driver vies with driver and car meets car in all kinds of friendly contests—today's high-powered Chandler is the victor of victors!

It is absolutely spectacular the way today's Chandler outsprints its contenders in traffic—and outclimbs them on steep hills—and outruns them in straight going.

And the reason is anything but a secret: *Chandler has further increased the power of its Pikes Peak engine principle*—in its new Sixes as well as its new Royal Eights.

You'll find, too, that any new Chandler you drive is much the easiest car to control you ever knew. And the reason for this is Westinghouse Vacuum Brakes—three times safer than any kind of mechanical or hydraulic brakes that depend entirely upon muscular pressure.

Easy, too, to lubricate the chassis. Just push a plunger and Chandler's "One Shot" System automatically lubricates the car from end to end. No fuss. No time out. Money saved.

And just look around and compare other cars with Chandler for beauty. See how sumptuously Chandler endows its new Sixes and Royal Eights with all the trappings and trimmings of elegance. No skimping, no cutting corners anywhere.

Chandler is Chandler-built—through and through—in Chandler's great $10,000,000 plant. Built step by step with zealous care in strictest conformity to the hard and fast rules of quality and accuracy.

Don't buy a new car without seeing and driving today's Chandler. Thirty magnificent models—$995 to $2195, f. o. b. factory—and the finest cars $995 to $2195 can command.

BUICK BODY BEST BUILT SAYS DEALER

"The Fisher bodies on Buick automobiles represent the finest quality of coach construction in the world and throughout the life of the car, if given ordinary care, will maintain a first-class, shipshape condition," so declared C. C. Kratzer, Richmond dealer for the Buick.

He was particularly emphatic in stressing the importance of properly fitted doors and the correct adjustment of door locks. "Several years ago we tolerated a door that was stiff in opening and closing," he said. "Today, however, Fisher precision will not allow such a condition. The door of the present-day Buick body must open easily and freely and with but the slightest finger pressure on the handle. It is far better, in my opinion to remain out of an automobile than trust yourself in a car whose door handles do not work easily."

Choosing Some Natty Seat Covers

Golf has become the national pastime of America in the last fifteen years and in response to the demand of thousands for a place to play, municipal courses have sprung up like mushrooms all over the country. The list of private clubs has increased from a few hundred in 1910 to many, many thousands today.

In order to have sufficient space and the right ground contour for a nine or an eighteen hole course it has been necessary, in most instances, to go a considerable distance outside the city limits. This has made the motor car invaluable as a means of transportation with which to reach the links and in many cases an absolute necessity. When municipal courses were first inaugurated it was thought that there would be but a few to make use of them, but it soon developed that rather than a single eighteen hole course a city of any size required a multitude of courses, and the task has been since to keep up with the demand.

The game of golf is no longer confined to the so-called "upper-classes" where wealth and position enable the members to belong to numerous clubs. The working man of today is in the great majority on the golf links. Many leave the course after an early morning round of the links and go directly to work or to their offices while on Saturday afternoon, Sundays, and holidays tens of thousands flock to the links.

The automobile, of course, has had much to do with the promotion of golf, as a sport for the masses. It has brought the outlaying suburbs close to the city centers. Notice the number of cars parked at the municipal courses even on week days and it will be easy to understand the part the motor car has had in making the courses accessible, and that golf, in turn, has developed the demand for the sport type of motor car.

Among these one sees many Chevrolet motor cars, according to the Golden Rule Chevrolet company, local dealers. The roadster, sport cabriolet and landau sedan lend themselves especially well to golfing needs and their snappy appearance makes them a part of the "sport atmosphere" of the golf course. You will find Chevrolets in constantly increasing numbers parked about the municipal links, as well as at many of the more exclusive clubs of the city.

AUTO BODIES HELD TO BE WORK OF ART

"The automobile body of today is truly a work of art, yet the preciate the great advances that have been made in body-building methods to achieve today's modern automobile body," George Olson, 915 Macdonald avenue, local Chandler ddealer declared yesterday.

"If it were possible for the average car buyer to take a trip to Cleveland and see the big Shandler factories, one would not only see the Chandler chassis being built in its entirely by Chandler, but the beautiful bodies constructed in a body-building plant which is conceded to be one of the finest in this country.

"The last word in body-building equipment, valued at hundreds of thousands of dollars, is installed in these plants. Hundreds and hundreds of men are employed in this division. Following a body through the process of building it, you would first see men constructing the rugged body skeletons in specially built steel jigs larger than the body itself to insure uniformity, without the slightest variation. Only the finest northern woods are used, and these are kiln dried to insure against worping.

"All body joints are cemented securely with a special cement that absolutely does away with squeaks at joint points. In addition, the joints are accurately mortised, tendoned and joined with screws that have been treated with a special soultion to eliminate rusting.

"As you move along the body-building line, you would notice a number of unit assemblies, which include special building ot the door frames. After they are hung on the main body structure, the body is then ready for its outside armor or steel. Watching this operation you would see vivid flashes of electric flame, as men wield together the outside steel panels to the stanch understructure.

Where-ever metal and wood come in contact, the same special adhesive is used to eliminate body squeaks when the body is put into service.

"After the body panels are applied, metal finishers go over the entire body with electric-controlled buffing equipment to eliminate any foreign particles and blemishes. This insures a perfect finish for the first priming coat preparatory to the lacquer."

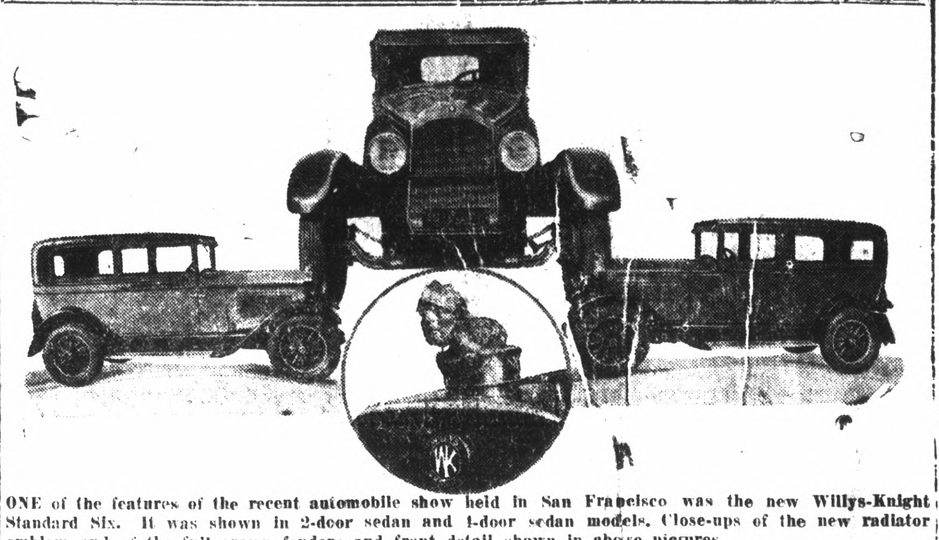
Old Bulbs Guide In Buying New Ones

When a bulb—headlight, taillight, dashlight or any other kind—has burned out, the careful motorist will not throw it away he instant it is removed from its socket. Before doing so, he will notice its specifications so that the one used in replacement is of exactly the same power. Car manufacturers are specific in stating just what size and type of bulb shall be used. Since they have arrived at their decisions as a result of thorough study, the motorist would do well to abide by their direction advises L. C. Shaw, general service manager of the National Automobile club.

New Willys-Knight Models



ONE of the features of the recent automobile show held in San Francisco was the new Willys-Knight Standard Six. It was shown in 2-door sedan and 4-door sedan models. Close-ups of the new radiator emblem and of the full crown fenders and front detail shown in above pictures.

Lake Mary Fete Held April 14-24

Winter-sport enthusiasts are looking forward to the Winter Frolic that is to take place in the High Sierra from April 14 to 24 at Lake Mary, near Mammoth, where the sports will be comparable to those enjoyed in Alaska.

According to the touring department of the National Automobile club, a road will be broken through several feet of snow and automobiels may reach this pine-fringed lake with perfect safety. Snowshoes, skates, skiis and toboggans will offer the thrills while the evenings will be spent around huge fireplaces in cozy cabins surrounded by snow-drifts.

Reservations may be made thru the Bishop Chamber of Commerce Crystal Crag Lodge, Bishop, or the National Automobile club.

Carlessness Chief Cause Of Accidents

Reckless and intoxicated drivers caused 9,159 accidents involving either injury or death in California last year, according to state figures recently received by the Public Safety department of the California State Automobile association. Deaths in motor vehicle accidents totaled 1,651 during the year, while 4,277 persons were seriously injured and 14,091 received minor injuries. Records indicate that at least 90 per cent of the accidents were due to carelessness

◆

Holland Tube Bring Prosperity

The Holland vehicular tunnel between New York and Jersey City, in operation a little more than four months, is reported to have brought prosperity to the entire north Jersey area, according to the National Automobile Clug. The tunnel has not only accelerated commercial development, but has resulted in the rapid expansion of home and building communities in northern New Jersey, which are made easily accessible to New York by bus lines and private cars.

Rapid development in the vicinity of the Manhattan entrance to the tube is also noted.

◆

USE LOW SPPED IN STARTING

Low speed should always be used in starting your car. This will eliminate the necessity of slipping the clutch which causes undue wear on the clutch facings and also the engine.

During January, 1928, more than 1600 tourist automobiles were admitted into Switzerland.

PARTY TAKES OAKLAND ON DESERT TRIP

A motor jaunt that was only a short time ago considered almost inaccessible, was recently made by a party of sight seers led by the Stockton Pontiac and Oakland dealer in a pair of Oakland All-American Sixes. The entire distance traveled was 1096 miles.

The party left Stockton at four o'clock on a Friday morning, and was back home at 3:45 the following Monday afternoon.

Meanwhile they had visited Fresno, Bakersfield, Tehachapi Pass, Mojave, Red Rock Canyon, Little Lake and the Owens River Valley, Lone Pine and Darwin. From Darwin the two Oaklands rolled over Eichbaum Pass to Bungalow City, and then across the floor of the valley several hundred feet below sea level to Furnace Creek ranch. This latter part of the route leads from an elevation of approximately 5,000 feet to 260 feet below sea level.

A mile beyond is Furnace Creek Inn, and four miles still farther on is Zabriskie Point, off the main road, but supplying a wonderful view of the valley. The party then traveled by way of Gowers Gulch past where the Pacific Coast Borax company is doing assessment work to the town of Ryan where big borax plants are located.

The return was made by Dante's view, 6,000 feet above the valley; then over Salisbury Pass and on to Barstow.

NEW ROAD TO YELLOWSTONE PARK SOUGHT

Launching of a movement for a more direct motor route between Yellowstone region and Idaho on the one hand and Northern and Central California on the other, was announced recently by H. J. Brunnier, president of the California State Automobile association and chairman of its highways committee. Highway leaders of Oregon and Idaho and chambers of commerce and other organizations in California, are enthusiastically supporting the proposal, Brunnier reported. A series of meetings at points between San Francisco and Boise, Idaho, to crystallize public sentiment in favor of a new route is being arranged by C. C. Cottrell, manager of the Association Highways Bureau.

In cooperating with the Idaho sponsors of this plan and in taking the initiative in the movement in this state the Automobile association, Brunner said, looks upon the proposal as one that will increase tourfist travel to California, make Yellowstone more easily accessible for California motorists and greatly improve commercial relations between California, Idaho and eastern Oregon.

Meetings have been arranged to-date as follows:

Redding, April 24; Alturas, April 25; Lakeview, Oregon, April 25; urns, Oregon, April 26; oise, Idaho April 27; Jordon Valley, Idaho, April 30. Cottrell is arranging for a big delegation of good roads boosters to attend these meetings.

"The purpose of these meetings is to bring together state and county officials, highway leaders and others, that more interest might be created in the further improvement and exploitation of routes of travel from Northern California to the Yellowstone region and vice versa," said Brunnier.

"The route from Redding by way of Alturas, California and Lakeview and Burns, Oregon connecting up with the Oregon trial near the Idaho line, offers remarkable possibilities to all of us in California. It has advantages of directness, scenery, climatic conditions and good accommodations.

"Parts of this route need further improvement to attract the great amount of travel to which it is entitled. We of California have long overlooked the opportunity of getting a direct route into the eastern Oregon and Idaho country and establishing better commercial relations with those people.

"The Idaho people and those of eastern Oregon are just as anxious to get better acquainted with us as we are with them—in fact they are very enthusiastic over our making arrangements for a journey into their territory for a series of meetings, and we have assurance of most hearty receptions."

◆

Too little pressure shortens the life of tires, while too much shortens the life of the car. Keeping the tires properly inflated is the happy medium.

Auto Makers Look To Spain For Big Future

MADRID, April 14.—The dictatorship in Spain must be thanked for what they have accomplished in the way of making new roads and keeping up the old ones. Over 6,000 miles of new roads are also to be constructed in the next ten years, and good motor-car roadways will connect the capital with all the principal cities of the peninsula.

The Madrid Government intends to spend $1,000,000,000 in public works which have already been planned. Motoring has made astonishing strides in Spain during the last few years. Statistics giving the number of motor-cars in Madrid show that they have increased 75 per cent in the last five years.

The number of privately owned cars is small—one per 157 inhabitants, compared with one for every five of the population in the United States—but the use of the motor-car is increasing at an astonishing rate.

As motor-cars of Spanish manufacture are a negligible quantity, Spain is a specially favorable ground for foreign motor-car agents.

◆

MANY VIEW HUP MODELS

Much interest is being displayed by prospective car owners, and those who are planning the purchase of new cars, in the various models being displayed in Richmond by the La Franz Motor Co.

Latest models of the Hupmobile are designed to furnish the final word in comfort, without sacrificing anything in the way of beauty of line or economy of operation, according to officials of the company.

New models of the car can be obtained in almost any of the popular colors that have won such instant and wide response from potential buyers.

◆

Reports Given On Randsbury Road

On the route from Indian Wells to Randsburg, there is a desert road in excellent condition to within half a mile of Randsburg, with the balance paved, according to the touring department of the National Automobile club.

From Randsburg to Mojave, there is pavement for one and one-half miles leaving Randsburg, while the remainder of the road is excellent, wide, graded highway into Mojave.

◆

Difference In Jump Of Spark Explained

There is a difference between the size of the spark plug gap that current will jump when it is outside of the cylinder. A width that will be cleared when the plug is being tested, when out of its port, may be altogether too great for efficient functioning when in place. The difference is accounted for in the increased resistance of the compressed gases when the plug is in place.

AUTO COLORS LURE WOMEN SAYS CURRY

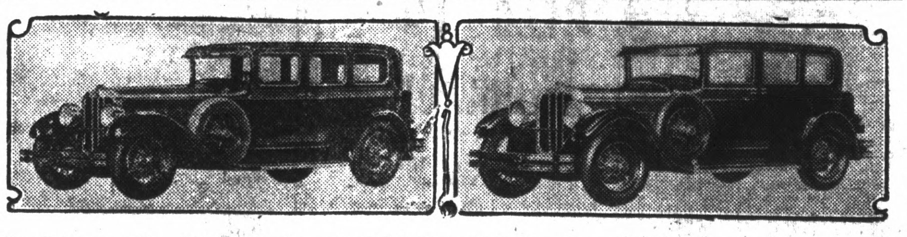
"One of the interesting things about the crowds at our showrooms during the Chrysler Display Week is the light they throw on people's preferences in automobile features," said Harry Curry, local Chrysler dealer.

"Women are particularly impressed by the bright colors that feature this year's motor cars, we notice. They are familiar with vivid shades in dress goods, stockings and even in home furnishings, and they evidently find pleasure in seeing that the present color vogue is carried into motor car fashions.

"Men are more likely to ask about mechanical details, however. They are interested in the engine and especially in the recent development of high compression. The Red Head, with which Chrysler led the way for the industry into the high compression field, seldom fails to bring out questions from our men callers.

"Both sexes seem to take much pleasure in the demonstration drives we are asking callers to take during Display Week, and here again the attractions differ. Men watch the performance of the cars and remark on points like rapidity of acceleration and the smooth action of the hydraulic brakes, while women are more inclined to think about the fine grade of upholstery used on the seats and the appointment of the car's interior. Just the same, there is a growing tendency among women to ask about mechanical details. It is due, I suppose, to the increased tendency of women to do their driving in the front seat."

Sedans Look Custom Built



TWO Sedan models of the Chandler Royal Eight and Special Six series which are enjoying unusual buying interest, according to George Olsen, Richmond dealer at 915 Macdonald avenue. The Royal Eight De Luxe Sedan and Special Invincible De Luxe sedan, shown above, have wire wheels mounted on the side, creating the impression of being custom built.

◆

Kentucky Gas Tax To Be Permanent

A bill making permanent the five-cent tax on gasoline in Kentucky for good roads, has been signed by Governor F. D. Sampson of that State, according to the National Automobile club. It is estimated that the tax will bring approximately $12,000,000 into the highway rund during 1928.

Motorists Are Advised To Keep Their Keys Near

More frequently used than any other keys, those which unlock various features of the automobile—transmission, ignition, spare tire and the like—deserve the most prominent places on the motorists key ring, according to L. C. Shaw of the service department of the National Automobile club Giving them such position makes for efficiency.

An excellent practice used by many far-sighted car-owners is to place the ignition and transmission keys at the extreme ends of the key-holder. In the next two places, the spare tire and door keys are placed. The method is simplicity itself, Shaw declares.

Here Is Easiest Way To Adjust Brakes

Always take up on the brake band when adjusting the brakes on your car, advises the Free Emergency Road Service of the California State Automobile association. Do not make adjustments at the rods as this will change the leverage at the band and more pressure will be required to stop the car.

◆

Anybody Want To Challenge This?

Duke Evans, accompanied by F. Schubat, made a trip in a Hupmobile 8 from Richmond to Clear Lake Highland in two hours and 15 minutes, on a recent Sunday. Evans defies anybody with any make of car to make the trip in better time.

Maine Program Lists 90 Miles Of New Roads

Maine's road building program for this year entails the construction of more than ninety miles of highway at a cost of $3,202,000, according to the National Automobile club. Most of this sum will be spent on high-class roads at permanent type on trunk highways. The largest single project calls for four and one-half miles of improvement on the main route into Maine from New Hampshire and Massachusetts.

◆

Motor Section Added To Hungarian Police

A motorized division has just been added to the police department of Budapest, Hungary, according to a report received by the National Automobile Club. The cars in the new section are spacious and swift, and contain every known modern police device, one of the features being high-powered searchlights, and another the provision for carrying a number of movie cameras.

◆

RECORD TRAVEL FORECAST

Estimates compiled by the American Automobile Association indicate that more than 40,000,000 persons in the United States will use automobiles during their vacation this year. Inquiries at the touring bureau of the California State Automobile association indicate that a record summer of motor visitors is in store for this section.

FRENCH CLAIM WONDER TIRE

A composition rubber tire which he claims will not slip on the most slippery surfaces is the latest origination of a French engineer, the National Automobile club. The inventor also asserts that his tire will increase the speed of automobiles wearing it and reduce their gasoline consumption.

◆

Motorists Warned To Watch Walkers

Pedestrians were involved in 5-121 accidents in automobile traffice last year, according to figures reaching the California State Automobile association Public Safety department. Motorists are urged to keep a special watch out for persons walking along the highways, particularly children. There were 2,064 children under 14 years of age injured or killed by motor cars last year in California.

◆

Last year the motor industry used 227,512,000 pounds of cotton fabric in tires.

CHINESE EXPERT HERBALISTS

Oakland's Oldest and Most Famous

Our specialty imported Herb Remedies of over 3000 varieties have been used in China for centuries. Chan & Kong have relieved thousands of people, as testimonials in our office will show.

If You Are Sick

Come in and have us give you a scientific diagnosis that will tell you absolutely the true conditions of your whole system.

Is it not wrong of you to suffer when you can have a sure, painless remedy so close at hand? A disease checked in time is half cured. (Delay oftentimes means fatal results.) So come to us today.

There is no guesswork about it. If your physician has failed to relieve you, or if a dozen physicians have failed, it is no reason why you should not find relief in our wonderful Chinese herbs. No matter what your affliction is, come and be made well again by the herbs God put into the ground for the very purpose of healing mankind. We guarantee to relieve all ailments, whether of the stomach, liver, lungs, kidneys, heart, also indigestion, asthma catarrh, blood poison, appendicitis, piles or high or low blood pressure, rheumatism. Prices reasonable. Consultation free. Many testimonals on file at our office.

RECORD-HERALD

GUSTAV VASA MEETS

The Gustaf Vasa lodge held a short business session in W. O. W. hall last evening.

LOCAL SOCIAL EVENTS

C. M. KELLYS ANNIVERSARY CELEBRATED

The South Richmond Improvement Club was last night the scene of a delightful party given by Mr. and Mrs. C. M. Kelly of 905 Florida avenue to celebrate their thirteenth wedding anniversary.

The clubhouse was beautifully decorated in a color scheme of blue and white with quantities of spring flowers adding to the beauty of the affair. A large wedding bell, in blue and white, graced the center of the ballroom.

As it was the lace anniversary of the couple, they were presented with an elaborate floor lamp the shade of which was of beautiful lace. Games formed the diversion for the evening at the close of which the hosts served delicious refreshments.

Those enjoying teh evening were: Messrs. and Mesdames W. B. Mayo and daughter, Margaret; Bert Ten Eych and son, Parker; M. Lewis and two daughters; H. K. Martin and daughter, Jean; Joe LaLonde and daughter, Laura; L. W. Scott, William Rook, P. F. Barry, Sr., Joe Hirsch of Oakland; Joe Hermann of Oakland; Herbert Ongerth of Oakland; William Phillips, A. J. Waite, E. A. Fagerberg and Joe Randolph and W. Biehl of the U. S. S. Hull.

◆

Surprise Birthday Party Honors Eleanor Blake

A delightful surprise party was held on the ninth birthday of Eleanor E. Blake, given by her friends and playmates at her home 765 Eighth street. A decoration scheme of pink and white was carried out. The honoree received a number of lovely gifts.

Those present were: Frances Schutter, Helen Drexal, Marion Reebe, Francis Neville, Mary Jean Lowell, Helen McMahon, Loraine Spaulding, Peggy Horner, Benelve Peterson, Ruth Bryan, Eleanor Blake, Ruby Blake.

◆

P. T. A. COUNCIL TO SELL CANDY MONDAY

Members of the various Parent-Teacher associations in Richmond, who are making candy for the theatre party to be held tomorrow and Tuesday in the California theatre have been requested to bring the candy to room 8 in Lincoln school on Monday morning between 10 o'clock and noon.

They have also been asked to bring the candy unsacked, as the various presidents will meet at 1 o'clock and spend the afternoon sacking the candy, which will be placed on sale during the performances.

SHOWN arriving at New York aboard the Leviathan are Mortimer Davis, Jr., and his bride the former Roszika Dolly of the Dolly sisters. Young Davis left immediately for Montreal to attend funeral of his father, the late Sir Mortimer Davis.

Miss Rose Turkovich Becomes Bride of Bernard Anselmo

Miss Rose Turkovich, daughter of Mr. and Mrs. Anton Turkovich of 5010 Clinton avenue became the bride of Bernard Anselo at a ceremony performed in San Jose yesterday morning and witnessed by the immediate family of the couple.

Following the wedding, the couple left for a honeymoon trip to the southern part of the state. Upon their return, they will make their home in Richmond having been graduated from the Richmond Union high school.

◆

Miss Evelyn Scott Entertains On Birthday

The seventeenth birthday of Miss Evelyn Scott was celebrated by a party at the California theatre followed by a waffle supper in her home, 234 Chanslor avenue.

A color scheme of orchid and cream was carried out in the table decorations. Place cards of yellow jonquils and a bowl of yellow tulips completed the effect. A large birthday cake with lighted candles was served at the close of the supper.

Those enjoying the affair were: the Misses Jeanette De Baere, Lillian Chancelet, Elkes Carpenter, Catherine Radcliffe, May Hyatt, Maplet Baird, Elizabeth Wilkins and Evelyn Scott, the hostess.

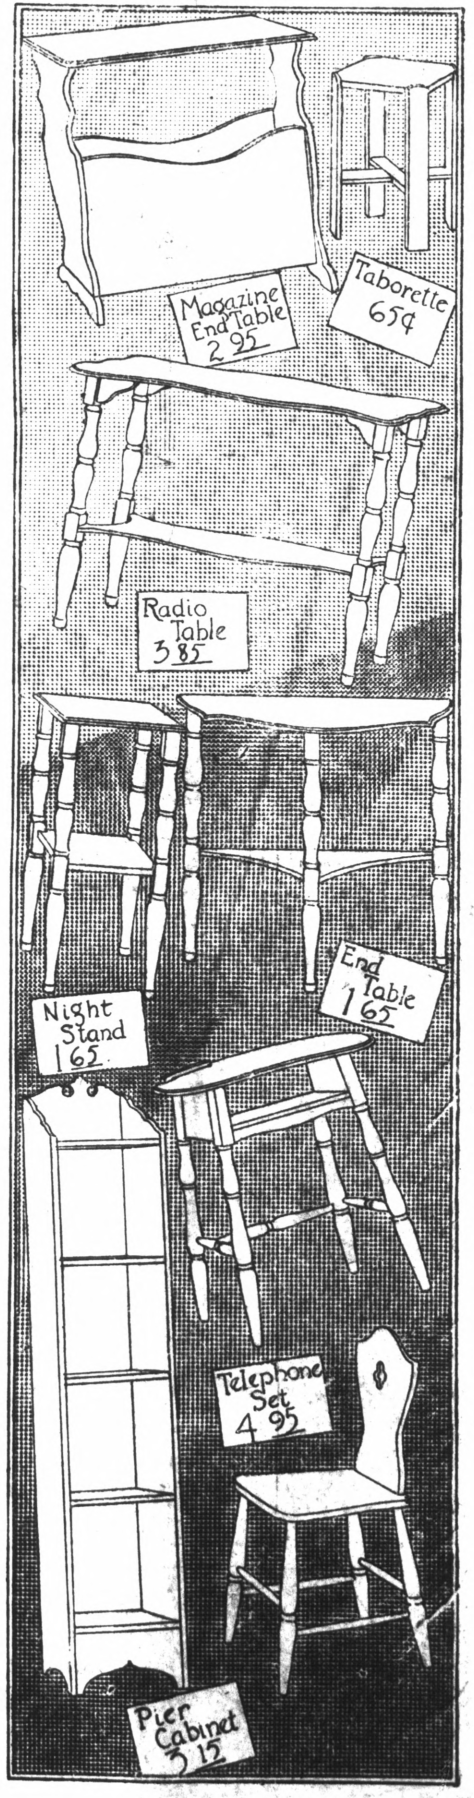
Dominating Values In Unpainted FURNITURE

Follow the trend of Fashion as applied to your home---and bring to it the colorful beauty that is the zest of life!

Breuner's---first in Fashion as well as Quality---purchased in quantities for four stores, hundreds and hundreds of pieces of Unpainted Occasional Furniture offer it in a Special Selling that will mean enviable savings for you who purchase now!



The items pictured represent only a part of the choice variety awaiting you.

Breuner's does everything in a big way! This innovation—that of selling *unpainted furniture*—is just another service it gives to Richmond home-lovers—thereby helping them to express their own individuality in preparing beautiful things for their rooms.

A Brush--and a Can or Two of Murphy Brushing Lacquer--what delightful effects you may create!

The modern spirit is rampant! Clothes and customs are different! Why not your furniture? Why not the colorful, light-weight things about you that enliven and invigorate. Buy unpainted furniture now—and decorate it *your way* instead of accepting what someone else has designed. The cost is small indeed!

The Brushing Lacquer!

This in delicate color combinations. It is easy to apply and dries in 20 minutes. By its magic touch you obtain marvelous results.
